**Queries as Threads of Grace:
A Contemplative Writing Retreat
with Rev. Judith Favor**
All Saints by the Sea (Santa Barbara, CA)

Mystical Sobriety with James Finley
The Church of Our Savior (San Gabriel, CA)

The twelve steps of Alcoholics Anonymous are not just for alcoholics. We are all addicted to habits of the mind and heart that perpetuate suffering. In this experiential retreat, we will explore how each step helps us to heal from addictive patterns. An emphasis will be given to the mystical, depth dimension of each step, noting how it brings us in meditation and in daily life to a deep experience of God’s oneness with us in life itself.

Finding Path with Fr. Michael Fish
The Church of Our Savior (San Gabriel, CA)

The spiritual quest has various stages. One is discerning and starting out on the path itself and another is the daunting, daily challenge of staying on track. This experiential retreat focuses on keeping to the path, finding a personal balance, and translating the journey into the rhythms of everyday life. Drawing on Celtic, Hindu, and Christian traditions, we will explore prayer and spiritual practices necessary for this phase of the Divine Adventure.

Celtic Spirituality with Sr. Carol Quinlivan, PhD
*St Matthew's Episcopal Church
(Pacific Palisades, CA)*

The Celtic Christian propensity to find the Divine in all created nature speaks with uncanny relevance to many concerns of our present era. These ancient Christians experienced living and praying as inseparable. Celtic spirituality helps us re-discover the transformative power of becoming an Anam Cara, a Soul-Friend, as we are transformed by the dynamic energy of our encircling God.
